

Educate. Inspire. Empower.

### Enjoy a career helping others

Children and adults alike have more opportunities when they are not only proficient with the English language, but more educated. Be a part of someone else's success story by enhancing your knowledge in the education field to help students.

### Education is always a sound investment

Unlike investing in the stock market, furthering your education is relatively risk free. Investing in education and getting your degree puts you on a real path towards your goals. When you invest in yourself and graduate from Westcliff University, you are empowered with an education that is challenging and rewarding.

### BAEd Program

Our BAEd Program prepares students to seek employment in entry-level positions in elementary or secondary education. Students who earn their Bachelor of Arts in Education will

- Obtain skills to help students with various needs
- Gain effective classroom management skills
- Enhance ability to reflect and continue to improve professional knowledge and practice

## Change Lives and Teach English

Earn your MA TESOL, BAEd, and TESOL Certificate and become an educator

## Designed to meet the needs of working professionals

Westcliff University's education programs are tailored specifically for working adults who want to become teachers, curriculum developers, and researchers. The College of Education programs includes MA TESOL, BAEd, and TESOL Certificate. You can choose between campus and online programs.

### Why Westcliff University?

- Small, intimate classes
- Supportive faculty and staff
- Go to school while you work
- Professors with real-world teaching experience
- VA benefits
- Year round registration

A constant focus of our education programs is to learn and teach from a global perspective. Our curriculum is designed for those who wish to further their career in the education field in the U.S. and abroad. Students will learn from professors who are educators themselves. They will have the opportunity to network with students and faculty working in the education industry. There will be workshops and guest speaker presentations offered throughout the year.

## Create your own adventure

Westcliff University's MA TESOL graduates have gone on to pursue diverse careers, including teaching English internationally. MA TESOL students learn the fundamentals of second language acquisition and gain experience developing curricula for their own future students. Find out what it takes to become an ESL/EFL teacher in the U.S. and other parts of the world.

### MA TESOL Program

Our MA TESOL Program prepares students to become leaders in the TESOL industry as teachers, educators, and administrators. Students who earn their Master of Arts in TESOL will

- Learn strategies to effectively teach English to non-native speakers
- Get direct experience in the classroom
- Develop a solid foundation in language, literacy, and applied linguistics
- Learn how to use the latest in education technology to develop truly innovative lessons
- Obtain valuable advice on securing teaching positions in other countries

## Great for K-12 teachers

The College of Education also offers an 8-week TESOL Certificate, ideal for students who require an accelerated timeline.

Learn effective strategies for working with English Language Learners (ELL) in your classroom. Our faculty is experienced in techniques that will reach your ELL students. Equally important, our TESOL programs embrace diversity and recognize the value of heritage languages and cultures.

### TESOL Certificate Program

Our TESOL Certificate Program prepares students with the skills and strategies to teach English to non-native speakers. Students who earn their TESOL Certificate will

- Learn the basic foundations of TESOL
- Obtain skills to help students with various needs
- Enhance your teaching skills for a growing diverse population
- Increase your marketability in the education field
