Headline: Westcliff University Awarded Accreditation of its Business Programs

OVERLAND PARK, KS, USA (June 5, 2020) — The Accreditation Council for Business Schools and Programs (ACBSP) www.acbsp.org Baccalaureate/Graduate Degree Board of Commissioners has awarded Westcliff University, in Irvine, California, www.westcliff.edu, accreditation of its business programs.

Celebrating 32 years of excellence in global business program accreditation, ACBSP is the only organization offering specialized business accreditation for all degree levels, from associate to baccalaureate to doctoral degree programs, and the first to offer certificate accreditation. ACBSP accreditation certifies that the teaching and learning processes within the business programs offered through the College of Business at Westcliff University meet the rigorous educational standards established by ACBSP.

Based on the Baldrige Education Criteria for Performance Excellence, ACBSP accreditation evaluates aspects of leadership, strategic planning, relationships with stakeholders, quality of academic programs, faculty credentials, and educational support to determine whether or not the business programs offer a rigorous educational experience and demonstrates continuous quality improvement.

“Westcliff University has shown its commitment to teaching excellence and to the process of quality improvement by participating in the accreditation process,” said ACBSP Chief Accreditation Officer Dr. Steve Parscale. “This accreditation is evidence that Westcliff is committed to providing the highest quality business education for their students.”

“We are honored to partner with ACBSP in recognition of the excellence of our Business programs,” said Dr. Anthony Lee, President and CEO of Westcliff. “We embrace the value of accreditation with ACBSP, and we look forward to continuous improvement in all of our programs as we continue to educate, inspire, and empower students around the world with a quality of education.”
